# LEADERSHIP COUNCIL

CLINICAL LINKAGES & COMMUNITY RESILIENCE

June 22nd

**09.00 AM**

Almost a year ago, Greater Health Now provided funding to eight fire departments throughout their nine-county region.

Greater Health Now invites you to join us on June 22nd to hear what the fire departments have been able to accomplish during this time.

During the presentation, you will hear challenges, success stories, and learn where they are at in building or expanding their Community Paramedicine Programs.
