WILLOW CENTER

# Willow Center Friends,

In February, we honor love – both for ourselves and for each other.

This month at Group, we're exploring the theme of "Love, Relationships, and Staying Connected with Your Deceased Loved One." We aim to help children maintain connections by cherishing memories and nurturing relationships with their loved ones. Gathering significant memories from others is a great way for young individuals to connect with their deceased loved ones.

## Camp Erin

This year, we're doubling the fun with double the campers, which means we need double the cozy creations!
